Please note, the above prices are guide prices and are based on good coat condition and your dog being regularly groomed within reasonable timescales. Not following a regular grooming schedule or poor coat condition may lead to increased charges.

We need to consider various factors as they determine the levels of work required. We do not want to overcharge you neither do we wish to underestimate our work. Please be as precise as possible when describing your dog to us over the phone.

The price of the grooming will be agreed with you before we start the groom.

# **Additional services:**

# De-matting (prices from £5)

This is an extra charge that will be discussed with you on arrival, the cost will be dependent on the severity of the matts along with the wellbeing of your dog being our main priority, which may mean a de-matting service not being possible and a shorter than normal cut required instead.

The extra charge is due to increased wear and tear on the equipment, added to the additional time required
